PRIYA SHARMA, Ph.D.

New York, NY | (212) 555-0194 | priya.sharma@mlresearch.io | linkedin.com/in/priyasharma-ds | github.com/priyasharma

PROFESSIONAL SUMMARY

Lead Data Scientist and Machine Learning Researcher with 6+ years of experience delivering scalable AI solutio
ns. Specialized in Deep Learning, Natural Language Processing, LLMs, PyTorch, and predictive analytics. Designed and deployed ent

CORE COMPETENCIES & SKILLS

Languages & Querying: Python, SQL, R, Bash, C++
Machine Learning & AI: PyTorch, TensorFlow, Scikit-Learn, Deep Learning, NLP, Generative AI, LLMs, Transformers
Data & Pipelines: Pandas, NumPy, Apache Spark, BigQuery, Snowflake, Vector Databases, ChromaDB, ETL
MLOps & Cloud: Docker, Kubernetes, MLflow, AWS, GCP, CI/CD, Git, Linux

PROFESSIONAL EXPERIENCE

Lead Data Scientist | Quantum Insights Corp | New York, NY *2021 - Present*

- Architected and deployed an enterprise NLP classification engine using PyTorch and Transformers, achieving 94.6% F1-score.
- Spearheaded end-to-end MLOps pipeline migration with MLflow and Docker on AWS, reducing model retraining latency by 65%.
- Engineered customer lifetime value predictive models on BigQuery, directly driving an $850K revenue increase in Q3 2023.
- Led a team of 4 data scientists and machine learning engineers, mentoring on experimental design and A/B testing rigor.

Senior Machine Learning Engineer | DataVision Labs | Boston, MA *2018 - 2021*

- Developed real-time anomaly detection pipelines processing over 25M daily transactions with Scikit-Learn and Apache Spark.
- Slashed false-positive fraud alerts by 38%, saving 250+ analyst review hours per month.
- Collaborated with engineering stakeholders to containerize models with Docker and integrate with production REST APIs.

EDUCATION

Doctor of Philosophy (Ph.D.) in Machine Learning & Computer Science Graduated 2018
Columbia University | New York, NY

Bachelor of Science in Statistics and Mathematics Graduated 2014
Cornell University | Ithaca, NY
